

FIG. 1 is a schematic diagram of a grid-like structure, possibly a microarray or a sensor array. The structure consists of a grid of rectangular cells. The grid is divided into two main sections, labeled I and II. Section I is the upper portion of the grid, and Section II is the lower portion. The grid is bounded by a thick, irregular line on the right side. Various components are labeled with numbers and letters:

- 10**: A curved arrow pointing towards the right side of the grid.
- 12**: A line pointing to a specific cell in the upper right area of the grid.
- 14**: A line pointing to a cell in the middle right area of the grid.
- 16**: A line pointing to a cell in the middle left area of the grid.
- 18**: A line pointing to a cell in the lower left area of the grid.
- I**: A label for the upper section of the grid.
- II**: A label for the lower section of the grid.
